Spring 2007 enrollment is quickly approaching. To ease the process of enrolling in classes, remember to make sure you clear any holds on your LOUIE account, including advisement, financial, and/or measles vaccination holds, before you enroll. Also, if you experience any difficulties or have any questions during the enrollment process, please see Katie or Glenn in the Honors Program, an academic advisor in the Gateway Student Success Center, or your major department.

Promoting academic excellence throughout the Northern Arizona University community
Welcome Back! We are glad to have you return to Flagstaff and to the Honors Program. Let me take a bit of space here to update you on campus and Honors-specific happenings.

- NAU’s enrollment increased substantially this year. This is a good thing;
- Traffic on campus will be, how shall we say, “interesting” with the start of the conference center and the near completion of the parking structure across from Cowden;
- Enrollment in the Honors Program has also increased. Basically, we are full with about 175 new students enrolled in the Program and in HON 190;
- We will have a full program review this year;
- We have two new instructors for HON 190, Kevin Ketchner from the Cline Library and the Program’s very own Glenn Hansen. They join the wily veteran faculty of Art Wilson, Katie Sheridan, John Doherty and yours truly;
- Anne Scott coordinated the summer reading program in her usual incredibly professional and creative fashion and will enjoy a well-deserved sabbatical this fall;
- Art Wilson is also teaching in the Physics Department this fall. Quite the Renaissance man we have with us;
- Lynn Gardner is leading the third year of the GURUS Program. This Program provides an incredible resource for both the students and the HON 190 instructors;
- Glenn received the President’s Award that recognizes staff members who go far and above the norm to support the University and its students;
- Katie continues in her incredibly valuable roles as advisor, instructor, mentor, and our publication wizard. She also has her own “posse”;
- Karla provides us with the administrative support that keeps this place running and makes sure everyone gets paid on time;
- Ellen led an absolutely incredible new Honors Preview event on the Friday before classes started. Called “Flagstaff-as-Text,” we had our new students visit different parts of town and carefully observe what was happening there. They completed their work in small groups with GURUS providing guidance. A story about the event is one of the banner headlines on the NAU home page!
  - We have been asked to share the results of this event with NAU administrators and community members. Very cool;
  - Ellen is also taking the lead on the Honors Seminar Series starting this fall. Check the Honors calendar of events on the web site for detail.

Speaking of the calendar (smooth transition, right?) please start thinking about Spring 2007. Yep. Spring 2007. As usual, we want you to be ready to enjoy one of your Honor student benefits: Early Enrollment. Early Enrollment starts on Tuesday October 31 (no Halloween jokes…) and we have scheduled our regular “Early Enrollment Information Night” for Tuesday October 10. Kaibab Room. 5pm. Honors faculty. Fellow students. Pizza. Enough said.

We are working on the schedule for Spring 2007, but we already have six dedicated honors classes: FOR 250H: Arizona’s Forests and Wildlife, HON 241: Medicine and Culture through History and Film, HUM 363H: The 60s, JLS 200H: Mass Media and Society, PHI 105H: Introduction to Ethics, and REL 150H: Religions of the World.

With the incredible faculty, staff, and students (that’s you!) I have quite the dream job. Thank you.

Let’s have a great year!
